## FOUR KILLED.

### Bad Wreck on Norfolk and Western Railroad.

### Fast Passenger Train No. 16 Derailed on Last Saturday Afternoon Near Webb, W. Va.

Four mail clerks were killed and several men were injured in the wreck of passenger train No. 16 of the Norfolk and Western railroad, in tunnel No. 6, near Webb, W. Va. at 3:30 o'clock Saturday morning. The train left Columbus, O., at 8:10 o'clock Saturday morning.

Just what caused the wreck has not been ascertained. The locomotive and tender and the baggage and mail cars were all thrown from the tracks, the mail car badly wrecked. At work in the mail car on the heavy Christmas mails the clerks had no chance of escaping. Engineer Lou Robinson and his fireman, whose name is not known, were both injured. Baggageman R. H. Edwards, of Roanoke, Va., sustained serious injuries, and Mail Clerk Charles H. Davidson, of Columbus, was badly hurt. The wreckage checked up the tunnel. None of the passengers on the train is reported injured.

The dead, all employees of the railway mail service, are: James H. Herndon, of Roanoke, Va.

Carl C. Goode, of McDowell, W. Va.

Howard K. Bell, of Franklin, O. Laura W. Dowdy, of Pearisburg, Va.

Mail Clerk Davidson's injuries are very severe. One arm is broken and his shoulder dislocated, and he had numerous cuts and bruises. Another clerk was much stunned and bruised, but in his joy at escaping death he forgot his pain. Express Messenger Griswold, of Portsmouth, was very seriously injured. He had a compound fracture of the left leg between the ankle and knee, both bones being broken, the fractured ends protruding through the flesh. Other trainmen were more or less cut and bruised but none of them seriously. A passenger named Ferguson, of Marysville, O., had one of his right ribs broken. A Mrs. Simpson, of Simpkins, who lived at Webb, was quite badly shaken up and suffered much from shock. These, so far as could be learned, were the only passengers injured in any way. The train was a double header, and the two engines, the baggage and express car and the mail car had got inside the tunnel, which is 18 miles east of Fort Gay, between Webb and Crum, before the accident occurred. The second engine, or "trailer," left the track, the mail, express and baggage cars being turned over and completely demolished. As soon as the first engine could be detached it went at top speed to Crum, and from there the news of the disaster was wired to Fort Gay and in call for all the physicians that could be obtained. Drs. L. H. York, G. W. Wooten, A. W. Bromley, and Ira Wellman, of this city, and Dr. E. Lockwood, of Fort Gay, left on a special train for the wreck, arriving shortly after five o'clock. Three of the mail clerks were dead and the fourth died in about an hour after the train bearing the surgeons arrived. The other three were dead when taken from the ruins of the car. Some of the injured had been taken to Wallace's store, near the scene of the accident. These were attended to by Drs. Bromley and Lockwood. The others had been carried into the rear Pullman and were cared for by Drs. York, Wellman and Wooten. About 10 o'clock a special arrived from Kenova upon which the dead and some of the injured were piled. The special was coupled to the Pullman and day coaches, and about 11 o'clock it pulled out for Portsmouth. At Kenova the regular train was taken on by No. 4 and went east via the Twelvepole division, while the dead and injured went on to Portsmouth. The wreck was a very disastrous one, about the worst in all respects which has happened so near Ft. Gay in all the history of the road. The loss of life was very large, while

the loss in rolling stock is very great. The mail and baggage cars were literally demolished. Some material for splints was needed, and a request for some brought an armful of fragments of the baggage car, many of them not wider than one's finger. The entire body of the car was reduced to this fragmentary condition. The car was packed with baggage, much of it very valuable, and this was reduced to a chaotic, worthless mass. Express goods and mail both in large amounts, shared the same fate. As soon as possible a wrecking train was at work, but it was not until 1:30 p. m. Sunday, nearly 24 hours after the accident, that the road was clear for the passage of trains.

The cause of the wreck has not been definitely ascertained.

### Winners in the Drawing.

Several months ago the firm of Nash and Herr, the men's and boys' outfitters, this city, offered forty dollars in gold to three holders of tickets to be given to purchasers of merchandise in their store. The time limit expired Saturday, December 24, when the prizes were awarded. Ticket No. 1716, held by Ora Atkins, of this city, drew the first prize, \$25. Ticket No. 507, held by Frank Kustler, of Fort Gay, drew the second prize, \$10, and ticket No. 2266, entitling the holder to \$5, was held by G. R. Burgess, of Louisa.

### Was Known in this County.

Groesbeck, Ky., Dec. 24.—Edward Leedy, aged 40 years, a locomotive engineer of Huntington, W. Va., son of Superintendent R. B. Leedy, of the Eastern Kentucky railway, was instantly killed at Leon, on the B. & O. railway, at noon today while attempting to board a moving freight train. The caboose wheels pinned over the side of his face and head.

Mr. Leedy was well known and popular in Weobville and vicinity.

## DEMOCRATIC PRIMARY

Is Called for Saturday, May 27, 1911, By a Vote of 8 to 4.

By a vote of 8 to 4 the Democratic Executive Committee, at a meeting held in Louisville last week, called for a primary to nominate Democratic candidates for State offices for the election in November, 1911. At the same time the committee by a vote of 6 to 5, with one of the members refusing to vote, ruled that endorsement of a candidate for United States Senator should not be considered by the voters of the State in the primary.

The date of the primary, as fixed in a resolution adopted by the committee, is Saturday, May 27. A subcommittee was named to look after all details of the primary and collect funds from the Democrats of the State to assist in defraying the expense of it. This body is instructed with the duty of getting the call for the primary in legal form and attending to other matters, and will report back to the committee as a whole on Wednesday, January 25.

Among the resolutions passed is the following:

"Be it further resolved: That this primary election shall be held so fairly that no Democrat will have any reason to complain and to that end we direct that the county Democratic committees shall appoint the election officers for their respective counties; and in counties containing more than one legislative district, the Democratic committee of the respective legislative district shall appoint the election officers for the respective district. Should any candidates be refused representation upon any of the election boards, they shall have a right to appeal to this committee, who will see that all candidates have representation in mind voting both, and for the purpose of getting said call in legal form, and to attend to the same in detail, and to collect, if possible, from the Democrats in the State interested in their party as much as possible to help defray the expenses of this primary, a subcommittee is hereby appointed, who will look after all of its said matters and report to this committee on the 25th day of January, 1911.

## A \$5,000 FIRE.

### Two Louisa Business Houses Wiped Out by Flames.

### The Big Sandy Produce Company and The Louisa Bakery Go Up in Fire and Smoke.

A fire which broke out at four o'clock last Tuesday morning completely destroyed the two-story frame building occupied as a bakery by Clyde Hamilton, on the northwest corner of Main and Water streets, this city, and the adjoining frame building occupied by the Big Sandy Produce Co., Frank Millender, manager. When discovered the entire north end of the bakery building was in flames. An alarm quickly brought the fire department, and it was its good work which confined the flames to the structures named. A line of hose was quickly spread from the plug at Pierce's corner, and a big, strong stream was soon playing upon the burning building. Some of the produce house is standing, but it will all have to be torn away. Mr. Hamilton had a considerable quantity of stock and material and some fine fixtures in his store, all of which is a total loss. He also had some silver in his cash drawer and a considerable amount of paper money in a pocket book in an iron safe. The silver was melted or lost, and when he opened his safe he found the pocket book burned to a crisp. He thinks that some of the bills may be saved. He had an insurance of \$700 in the Norwich (England) Fire Insurance Co., but this will not cover his loss by three or four hundred dollars.

Mr. Millender, fortunately will not sustain much loss. On the day preceding the fire he had sold all his geese and turkeys and had shipped out all his chickens but one coop, and that was in the poultry pen which the fire did not reach. A little wool, some beeswax and a few eggs were burned, together with some fixtures. Two hundred dollars will probably cover his property loss. Mr. Millender had no insurance, having let his policy expire in November last without renewal.

The buildings were the property of F. H. Yates, of this city, and were not insured. While of wood they were in excellent repair and commanded a good rental. The second story of the bakery had been occupied as a residence at various times, but at the time it burned it was used as sleeping apartments by some college students who, so the News is informed, had taken possession only the day before. When they were aroused by the alarm the fear of the building was in flames.

The origin of the fire is unknown. Mr. Hamilton says it was twelve o'clock, when he finished work and went home, and at that time everything was in good shape. The destruction of the bakery is not only a financial loss to Mr. Hamilton but a distinct loss to this community. Its products were first-class and a large number of our citizens, as well as nearly all of our grocers, depended almost altogether upon its bread for sale and consumption. Mr. Hamilton says he will resume business here if he can procure a suitable building. He should be aided in this in every possible manner. The News has not yet learned what the Big Sandy Produce Co. will do along the line of continuing its business. The loss by this fire will amount to at least \$5000.

### BROKE OUT AFRESH.

The ruins of the recent fire broke out anew about midnight Wednesday night. At that time G. A. Nash, who lives a block away, heard a crash and saw a bright light. Getting up to ascertain the cause he saw the blaze. He hastily phoned to Augustus Snyder and they, with J. L. Richmond, hastily aroused Fire Marshal Wellman. A line of hose was stretched, and after considerable effort the fire was extinguished.

Mrs. F. L. Stewart drew the cake in the Eldorado drawing and a county man whose name the News could not learn gobbled the turkey.

### Delayed Development.

In speaking of an article in the Manufacturers' Record which was reprinted in the Big Sandy News quite recently the Courier Journal says:

"This is an interesting recital as showing some of the causes which have combined to delay the development of a promising field. It is more interesting still as forecasting operations in the near future on a scale commensurate with the resources of the Elkhorn region. The area embraced in the purchase of the Baltimore corporation covers the southern part of Pike county, the eastern part of Floyd and Knott counties and the northern portion of Letcher county. The company's engineers, the Record says, are now laying out the plans for operation, but 'It is not expected that actual development will be started until spring, at which time it will be pushed rapidly.'"

In connection with the work of railroad extension now in progress in that part of the State the program as outlined by the Record's article will mean a great deal for the four counties which are chiefly interested. It also will serve as a stimulus to development in other counties of Eastern Kentucky. All in all the situation in the mountains is more promising than it has ever been and the dawn of a new era of progress seems near at hand.

### Were in the Wreck.

Mr. and Mrs. Wheeler and Glynn and Charlie Ferrill and Jay Justice, of this city, were in the N. and W. wreck of Saturday last, but all fortunately escaped injury. Mr. and Mrs. Wheeler were going to Crum, only a short distance above the scene of the accident. When it occurred they left the train and walked to their destination. The two Ferrill boys were going to Williamson for the holidays. Justice was going to Williamson.

## THEN AND NOW.

Louisa as it Was in 1854 and as it is in the Present Year.

In 1854 there were 43 dwelling houses, 6 stores, 1 drug store, 2 confectionary stores, 1 bakery, 1 market house, with market days twice a week, 2 blacksmith shops, 1 cooper shop, 2 tailor shops, 1 tanner shop, 3 good doctors, 3 hotels, 1 grist mill, 1 school house, built and owned by F. Moore, Sr. There was a three months subscription school a year—no public school those days. Thomas Wallace lived in the old brick hotel. John Crabtree lived in the hotel where Pierce's hotel now is. Uncle Dick Jackson lived in the hotel where Lab's McClores hotel is. All three kept hotel. Dr. Rendall lived in what is now the Murray property. Dr. Yates lived where Frank Wallace now lives. Dr. Dade built and lived in the Mont Hott property. They were fine doctors those days. Moore and Miller kept store on the old brick hotel property, in a frame house torn down now. W. F. Moore lived where Frank Freese now lives. Dan Miller lived where Dr. Burgess now lives. F. Moore, Sr., and Sam Short kept on corner on river bank. F. Moore, Sr., lived one mile below Cassville. S. Sheriff lived in the Steeplebraker house. Mr. G. Lackey, Bob Callahan, Ben Burke kept store in the old brick house. Lora and Burke's clothing house is now. Mr. Lackey lived where Mrs. Hannah Lackey now lives. Mr. Callahan lived where Mrs. Hatcher lives. Mr. Burke lived where the John Thomas property is. James Wellman kept store where Mill Burns' store is, and lived where Widow Swetnam lives. John Cook kept store where the Louisa National Bank is, and lived where Will Koffe lives. Elliott kept drug store where Ernest Shannon's middle store is and lived in the house where the parsonage. Jim McKenzie kept confectionery shop where the sewing machine shop is. I don't recollect who kept the other confectionery shop. A man named Isaac kept baker shop where E. E. Shaanen's warehouse now is. Col. Gallup lived in house where the hospital stands. L. T. Moore lived.

## B. & O. COLLISION.

### Freight Trains Run Together at Mercer's Bottom, W. Va.

### Cecil Moffett, a Native of This County, Instantly Killed. Three Others Dead and Many Injured.

Cecil Moffett, aged 22 years, a native of this county, but for some time a resident of Huntington, W. Va., was instantly killed by a collision which occurred on the B. & O. railroad at Mercer's Bottom, W. Va., ten miles below Gallipolis ferry, last Monday night. Concerning this unfortunate accident the Catlettsburg Tribune has the following:

"It has been with great difficulty that anything could be learned concerning the affair. Captain Moffett not having received any of the particulars. He left immediately for his residence in Huntington to be with his family in their deep distress and make the proper preparations for the funeral.

"It appears that young Moffett, who has been running as a brakeman on the road, left Huntington at a very early hour this morning for Parkersburg, and when his train had reached Mercer Bottom there was a head-on collision between it and another freight, resulting in the killing of the engineer and fireman and young Moffett and engineer on the south bound train.

"The cause of the disaster is reported to have been a misunderstanding of orders by the engineer and conductor on young Moffett's train, but this appears to be only a rumor and has not been fully confirmed.

The News learns that when the collision occurred Moffett was standing on a car next the locomotive tender. The force of the collision threw the tender back upon this car, and the unfortunate young man was crushed under the enormous mass of iron and coal. Mr. Moffett had been railroading early three months, and was very popular with the B. and O. and his mates. He was an excellent young man, and his cruel and untimely death is greatly deplored. He was the son of Mr. and Mrs. J. A. Moffett, of Huntington, and a grandson of Mr. and Mrs. Jephtha Meek, of this county. Interment will be in the Catlettsburg cemetery Friday morning.

### Estill-Adams Nuptials.

On last evening at the hour of 8:20 o'clock, at the elegantly furnished parlors of the Hotel Staton, in Cincinnati, occurred one of the most beautiful and impressive weddings of the yuletide season, when Miss Anna Adams, one of Catlettsburg's most attractive and highly accomplished society belles, was, in the presence of only a few witnesses, quietly united in the holy bonds of matrimony to Mr. Howard E. Estill, of Lexington.

Miss Adams had been spending the winter season as the guest of Mrs. J. C. C. Mayo, at the Hotel Staton, and was there joined by Mr. Estill. She is the youngest daughter of Capt. Green F. Adams, of the South Side, and is very popular among her circle of friends, who receive the news of her marriage with wide interest.

Mr. Estill, who is successfully located with prominent business men of the Big Sandy valley, is well and favorably known in this city, where he has been a frequent visitor, and their many friends here and in the surrounding towns extend to them congratulations and best wishes for a bright and happy future.—Catlettsburg Independent.

### HAS VISITED HERE.

Ironton papers note the marriage of Miss Olive Therkildsen, of that city, to William Taylor Lamar, of Birmingham, Ala. The bride has visited Louisa as the guest of Miss Clara Bromley, who is now Mrs. Burns Johnson.

### K. N. C. Resumes Monday.

The Kentucky Normal College will resume its work Monday, January 2. The prospect for a largely increased attendance and a most prosperous session was never brighter. All the faculty will be actively engaged, and their entire time will be devoted to their important and responsible duties as instructors. There was nothing but satisfaction as a result of former terms of this splendid school, and every member of the college staff will aim for the best possible results this year. There is a unity of purpose in the faculty which, with their recognized ability, can not fail to do great things for the school and its students. There is entire harmony between the college and our citizens, and, speaking for the latter, the News extends to the students, no matter how many there may be, a cordial welcome and the assurance that they will be provided for and made comfortable.

### Oil at Torchlight.

It is said that while boring a well at Torchlight, near the company store, last week quite a flow of oil was reached at a depth of 150 or 160 feet. The boring was for water, but it may result in a richer find. Or it may be a case of "spoiling the horn and making no spoon." The oil was not found in Berea grit or Trenton stratum, just as the drillers express it, plain old Big Sandy sand.

### Death's Shadow.

George Travis, aged 76 years, died at his home on Shannon branch Wednesday. General debility and breakdown caused his death.

David Moore, son of John Wes Moore, of Mattle, died Wednesday. He was about 30 years old.

A son of Andrewville Christian, of Big Hurricane, near Fort Gay, died Wednesday.

## BIG DEAL CLOSED.

### The Rankin Coal Company Buys Rich Coking Coal Lands.

Whitesburg, Ky., Dec. 25.—The Rankin Coal Company, recently organized in Lexington by Jeha C. C. Mayo, millionaire capitalist, of Paintsville, Percy Haley and others, has closed a deal from A. D. Bright, of New York for 7,000 acres of rich coking coal lands lying along the Kentucky River and its tributaries above Whitesburg, comprising some twenty-odd tracts, at a consideration said to be unusually large. This property was purchased over twenty-five years ago by Messrs. Moon and Horeley at fifty cents and \$1.00 per acre for the mineral rights. Much litigation has resulted over the property during recent years, the natives asserting that the purchasers could not make legal title because the original purchasers paid comparatively nothing for the property. To-day this property is current at \$100 per acre. Thus great fortunes have been bartered away in mountain Kentucky coal lands.

### Sundry Splices.

The matrimonial market has been quite active of late, the dealers being mostly West Virginians, as witness the following: On the 22nd inst. the Rev. W. G. Bartram joined together Miss Haly Thompson to Mr. Rudolph Copley, both of Fort Gay and each 21 years old.

On the 26th Mack Corns, 26, of Kayford, W. Va., and Miss Pearl Rucker, 19, came to the court house secured a license, hunted up Judge Higgs and were by him duly married.

On the 32th the Rev. S. F. Reynolds stood on the river bank, a mile and a half above Louisa and married Miss Lida Bartram, daughter of Frank Bartram, to Theron Copley, all of West Virginia.

Fred Vaughn, of Paintsville, who resigned a place in the Census Bureau here to assist Representative Ogley in his campaign for re-election, will be made special agent of the interior department to assist in land investigations.

Mt. Sterling, Ky., Dec. 23.—In a difficulty on South Main street last night, Special Policeman James Tipton shot and instantly killed former United States Deputy Marshal Clint Allen, shooting him with his own pistol, which he had taken away from Allen a short time before. At the same time Walter Allen, brother of the marshal, pulled his pistol in an attempt to aid his brother and he, too, was shot and killed by Mike Gibbons, who came to Tipton's aid.

The men who did the shooting are under arrest. It is said they fired in self-defense.

Clint Allen leaves a widow and family and Walter Allen is single. They came here several years ago from Owensville. The killing occurred in front of Barnes' grocery, near the depot. Clint Allen was known in Louisville.

Before Coroner Benth today, at an inquest held over the bodies of Clint and Walter Allen, who were killed, the jury declared, from the testimony, that they were killed by parties unknown.

### HOOKWORM IN KENTUCKY.

That the hookworm is prevalent in Kentucky is the opinion of the Secretary of War, who, in his annual report refers to the large number of cases among recruits from this State.

The Secretary says: "At the recruit depot, Columbus Barracks, Ohio a routine examination of all Southern-born recruits admitted to the hospital during fourteen months, 284 in number, showed ninety-two or 37 1-2 per cent. to be infected. The area from which these recruits were drawn comprises the country on both sides of the Allegheny and Blue Ridge Mountains, extending into Northern Georgia and Alabama.

"One the other hand, 148 Southern-born recruits examined at Jefferson Barracks, drawn from Western Kentucky, Western Tennessee, Arkansas and Missouri, showing only ten, or 6.7 per cent. to be infected. Out of a total of 695 recorded examinations of Southern-born recruits, made with a view to determining the presence of hookworm nearly 37 per cent. have been found infected. The eastern half of Kentucky, furnished the greater number and the highest percentage of infections of the Columbus Barracks series. Also, of ninety cases found at the division hospital Manila, half of which were from Southern States, Kentucky furnished more than twice as many as any other State. As the severe cases are excluded by the recruiting officers before reaching the surgeons, it is reasonable to suppose that the percentage in most of the Southern States is higher than 37 per cent."

Many persons find themselves affected with a persistent cough after an attack of influenza. As this cough can be promptly cured by the use of Chamberlain's Cough Remedy, it should not be allowed to run on until it becomes troublesome. Sold by A. M. Hughes, druggist, and Louisville Drug Store Co.

Dirk Carty, of Magoffin county who was arrested Wednesday night on a charge of pistol toting and a charge of attempted murder in Magoffin county two years ago, was fined \$25 in police court after which he was turned over to the State for prosecution under the Johnson pistol law.

When West Virginia has done with him he will be taken back to Magoffin county and tried on a charge of the attempted slaying of Liberty Arnett over a woman two years ago.

The greatest danger from influenza is of its resulting in pneumonia. This can be obviated by using Chamberlain's Cough Remedy, as it not only cures influenza, but counteracts any tendency of the disease towards pneumonia. Sold by A. M. Hughes, druggist, and Louisville Drug Store Co.

Have buttons, or hooks and eyes for the slips you use on the sofa-pillows. Then you can often take the pillows out and wash the slips. Saves a lot of sewing and the slips are apt to get washed a good deal oftener.

A handy funnel for pouring liquid into a bottle may be quickly made anywhere by taking a piece of thick, smooth white paper rolling it into a cornucopia and fastening it with a pin. Put the pointed end off and it's ready to use.

When any one is taken ill in the night and needs a quick application of heat, light a lamp. The chimney will be hot in a moment and will answer until water or a brick can be heated. It can be slipped into a stocking leg and applied at once.

Kolt the baby's mittens without any thought; then, no matter which way they are put on, they are all right. If large enough he can move his fingers all around inside, while the long wrists keep the sleeves of his dress down over his arms and make him comfortable.

It saves much hard work in keeping heavy bedclothes tidy under the usage they ordinarily receive from the boys and tired men to have a breadth of muslin or calico firmly basted over the upper end of quilts and bed coverings. This can be removed often and washed with much less work than to put the whole bed comforter in the tub.

Light and wholesome puddings: Bake the crust from a stale loaf of baker's or light home-made bread, crumb it into a pudding dish and pour over it a quart of boiling milk. Cover and let it stand for ten minutes. When it swells add the yolk of two eggs well beaten, a tablespoonful of melted butter, a half-teaspoonful of salt and a fourth of a cupful of sifted flour and the stiffly beaten whites of the eggs. Then beat until the batter is smooth and velvety as cream. Add no laking powder, as the beating makes it light. Drop it in little cakes on a hot griddle, bake quickly. — From Farm Farm Journal, January.

### Gumption on the Farm.

Do not try the patience of the good wife by giving her green wood to burn.

Many a man wears himself out trying to keep up with his good intentions.

The funniest thing about a big man is that he is apt to have a little wife.

Whitewash your barn, but never undertake to whitewash a crooked politician.

You are better than you seem; better than you believe yourself to be. So don't give way to discouragement.

There are more people dying for the lack of a kind word, a pat on the back and a little encouragement, than there are from disease.

Hot water on the grindstone will smelt it after a little so that it will have no grit. Use warm water, not hot, for taking the frost out of your stove.

What a lot of strength there is wasted chopping with dull axes! Spend a few minutes at the grindstone and see how nicely the world will go after that.

Some folks make themselves so huge kicking about things, that they tire themselves all out and never make anything out of life. It does not pay.

The boys and girls get enough hard knocks out in the world without your being stern and harsh with them. Let your home be to them a shelter and a refuge from the storms of the world.

Get pretty slippery around the house and barn sometimes. Get a barrel of sand, coal ashes or sawdust, and when such days come scatter some on the icy spots. Easier to have bones than it is to mend them.

It helps the wagon-maker to let the mud freeze to the wheels when you come in from a trip. You don't need to do it, though. By taking a little pains you can get most of the mud off while it is soft, and so save the wagon many years longer.

Do not track mud into the house. Provide a scraper and mat outside the door, and do not forget to use them before going into the house. Scrubbing floors and sweeping carpets are not easy tasks, and the thoughtful man will not add to his wife's burdens.

### A STATE PRIMARY.

The Democratic State Committee met at Louisville a few days ago and decided upon a primary as the best method for nominating candidates for state offices.

The decision was a proper one. A primary election gives every one in the party an equal chance to participate. It places the ballot box so near every voter that he can reach it with the least possible trouble. Every member of the party may vote and be sure his ballot will be counted. It is the only method that gives each voter an equal voice. It is the only method that is practically free from confusion and wrangling at the polling places.

Conventions are disagreeable, unsatisfactory, even disgraceful often than otherwise. The results of conventions very seldom express the will of the people.

The only argument offered against a state primary is the expense. In the present instance a movement has already been started to keep the cost down to a comparatively low figure. Several counties have already proposed to hold the primary free of cost. Others will no doubt follow. Still others will make the cost very low. So it seems certain that the only objection offered will be removed.

The Hon. John D. Young, aged 87 years, died in Mt. Sterling Sunday night of general debility. Judge Young was widely known and many years ago was prominent in Kentucky affairs. He was born in Bath county, where he was three times elected County Judge, and served as deputy sheriff.

Judge Young was elected to Congress for the district now known as the Ninth, in 1867, but his seat was contested by Samuel McKee, and Young was ousted. Later he was again chosen as the Democratic candidate, was elected and served one term at Washington.

To have your watch properly repaired take it to Mr. Rollings, at Conley's store. He is an expert watchmaker.

### THEN AND NOW.

(Continued from page one.)

ed where Role Burns lives now. Judge Rice lived at foot of hill where Mrs. Wilson lives. Will McKenzie, the miller, lived by the mill that stood where George Atkinson lives. Frank Canterbury lived where Faro Vinson now lives. John Melleny lived where End Vaughan now lives. Mart Coffman, carpenter, lived where George Castle now lives. Widow O'Brien lived where Bob Dixon's new house is. Mr. Hussey lived where Prof. Byington lives. Farley Hatcher lived where the Mill Burns property is. Joe Pickersell lived where Jim O'Brien lives. John Cook was the other tailor and they were two fine tailors and made all the clothes for people that were made except what the family made. There was no made up clothes brought on here. John Pigg lived where Ora Atkins lives, and had his shop under the bank on a flat down by the grade. Henry Apple, of Philadelphia, had a big cooper shop there. Mr. Leggett made and sold hats of all classes. He kept where the First National Bank is. John McDyer, sheriff, lived where A. M. Wheeler, the sewing machine man, lives. Mr. Nolte, the cabinet maker, lived where M. F. Conley now lives. Not 100 lived in the corporation, and you could buy a square acre for \$40 almost any place in town. The merchants bought a larger stock of goods at a time and of better quality than they do now. They would buy from eight to twelve thousand dollars worth at a time. Spring was about the only time of the year they could get them here except by flat boat. They dealt mostly in Pittsburg and Philadelphia. The town burned mostly wood. There were six to eight stores and no sewing machines. I bought the first sewing machine ever brought to town in 1860. There was no lively stable here then only four or five old fashioned buggies and a gl. The river froze up between Christmas and New Year. I went back to Marshall College on skates.

We now have over 2000 population, over 400 houses, some very fine ones, 5 good doctors, 2 fine banks, 6 churches, 2 blacksmith shops, 2 saddle shops, 2 mills, 1 sewing machine store, 2 drug stores, 2 wholesale houses, 1 shoe shop, 5 barber shops, 2 hotels, 15 lawyers, 1 nickelodeon, 5 fine Sunday schools, 4 lodges, 1 two story brick 6-room school house, all the gas and coal that can be burned for any purpose. One of the best colleges in the State and 2 professors that can not be excelled for learning and get up. In the spring they will have from 800 to 1000 students from all over the State, and Profs. Byington and Kennison are just the men to draw them and keep them here. The influence of the college and the Big Sandy News is the help and cause of prop-

erty going from \$50 to \$1000 per acre, and increased the population double or more. A week or two ago two men in Huntington and two high up men in Logan said to me that we have the best county paper they ever saw, and said a great deal more about it and its editor. You don't know how proud it made me feel. Louisa needs a few more such men of energy in the way of starting some public works. This is the finest place in the valley for such works. We have the clay, the sand and the coal, and the best people on earth, but we need more energy. F. R. MOORE.

Ben Johnson, candidate for Governor, has a sure head. He opened his campaign Monday with an ill-humored speech. He wanted the nominations for State offices made by conventions and is sore because a primary was decided upon. It would look better for Mr. Johnson to quietly submit to the decision of the committee, or step out of the race. He can not change it by kicking after it is all settled.

### MAY PROVE FATAL.

When Will Louisa People Learn the Importance of It?

Backache is only a simple thing at first;

But when you know 'tis from the kidneys;

That serious kidney troubles follow;

That diabetes, Bright's disease

may be the fatal end.

You will gladly profit by the following experience.

'Tis the statement of a Louisa citizen:

Mrs. Sarah Pigg, Main St., Louisa, Ky., says: "I suffered for a long time from distressing symptoms of kidney complaint. The most annoying trouble was a severe pain in my back, accompanied by a dull, bearing-down ache through my loins. I was weak, languid and tired and could not stoop without having sharp twinges through me. I could not sleep well and in the morning arose exhausted. Nervous and dizzy spells bothered me and the secretions from my kidneys were a source of annoyance. Nothing helped me and I had almost given up hope when Doan's Kidney Pills were brought to my attention. The use of this remedy helped me at once and it was not long before my trouble became a thing of the past. My cure has been permanent."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### MAGDOFFIN MAN GETS A PLUM.

Kentucky is to get another diplomatic plum, according to Kentucky Republicans who talked over the matter with the President.

Besides H. Clay Howard, who is to be appointed Minister to Peru on March 1, on the recommendation of Senator Bradley, James H. Bailey, through the efforts of Representative Langley, is to land one of the Central American missions or shall a legation in Europe of the Denmark or Norway rank.

Mr. Bailey was defeated for Clerk of the Court of Appeals in 1898, and two years afterward was appointed in the consular service. He is now Secretary for Legation at Mexico City. He has an excellent record and the appointment is in the nature of a recognition of his services. Mr. Bailey is at present in Washington on sick leave.

Mr. Bailey is well known in Louisa.

### GO WEST, YOUNG MAN.

Out in the west the women are raising 1,000 bushels of corn, 500 bushels of oats, ten wagon loads of pumpkins, nine children and a shiftless husband on eighty acres.

We know several fellows who would start westward today if they could raise the price of a ticket.

### "BILL JIM" WILL RESPOND.

Kitchen, Whitte and Company of Ashland, will give a banquet to their salesmen Friday night. J. Chaffin, of Louisa will respond to the toast "My Old Kentucky Home."

### DISTRIBUTION OF PIE.

It is claimed that the Ninth district, having the Federal Judge and the Lexington collectorship, is not entitled to the district attorneyship, and accordingly Representative Pennington is rather handicapped in his candidacy. Representative Langley is district for the same reason is eliminated, Maj. Wood being pensioned agent and A. J. Patrick being married.

The Eleventh district only has Mr. Cooper, collector at Danville and there is an abiding faith among Senator Bradley's friends that he is to be pried out of office in March. The Eleventh district, therefore, has something in the nature of a call on the place.

### TO OUR CORRESPONDENTS.

The Big Sandy News hopes each of its correspondents will enjoy the Christmas holidays and find the New Year a prosperous and happy one. Our correspondents are the salt of the earth, or rather, of the News, and we couldn't do without a single one of them. They make the paper a welcome visitor to many a home and are always striving to make it better and brighter. Good luck to all of them.

### W. F. M. S. M. E. CHURCH SOUTH.

The Woman's Foreign Missionary Society will meet with Mrs. Mary Horton Tuesday afternoon at two o'clock. The first chapter of "Western Women in Eastern Lands," will be studied and discussed. A full attendance of the members is desired as this will be the first meeting of the new year.

### HONESTY IS THE BEST POLICY.

It does not pay to raise checks or try to defraud a National Bank, you are sure to be caught. A few days since a young man from Johnson county tried it, and today he is on the road to the pen, and instead of enjoying the good cheer of these holidays he is locked behind iron bars, and will be, for many years to come.

Since then a poor, misguided young man of Lawrence county thought he could do better than the Johnson county man, and tried. It resulted: On last Saturday he was held over to the grand jury by Judge Hogges. His name is Richard Tucker. There is general sympathy for his family, who are good people, but none for the culprit. He should know that honesty has its rewards and dishonesty its punishment, and one is just as sure as the other.

### JURY FAILED TO AGREE.

Grayson, Dec. 16.—W. J. Rice, of the Imperial Bank of Ohio Hill, Ky., alleged to have sworn falsely in reporting the condition of that institution July 1, 1909, must face trial again.

A jury here tonight stood 11 to 1 for conviction, and the members announced that an agreement was impossible. Therefore the jury was discharged.

Commonwealth's Attorney J. M. Waugh, who prosecuted the case, says the next trial will be begun here the first Monday in July, 1911.

## A TOAST.

Here's to the man who slakes my thirst,  
And here's to the man who feeds me;  
And here's to the fellow who borrows my coin;  
I hope I'll be gone when he needs me!

## ALL OVER.

The atmosphere's murky,  
The world is askew,  
The rest of the turkey goes into a stew.  
The children are fretful,  
The mother's upset,  
The father's regretful  
At being in debt.  
At odds with our neighbors,  
Our money all spent,  
We take up our labors—  
Christmas has went.

Children's chairs at Snyder's store.  
New coat suits at W. N. Sullivan's store.

The school board will have the school building thoroughly cleaned, and following the cleansing every room and hall will be properly fumigated. There should be no fear of infection after this is done.

## CHILD SERIOUSLY BURNED.

Edgar Allen, the young son of Mr. and Mrs. W. J. Vaughan, of near Louisa, was seriously burned on Wednesday of last week. The accident occurred about noon and was caused by the child passing too near an open grate fire. His chest, abdomen and thighs were badly burned, and only the prompt action of his father, who fortunately was near at hand saved the little fellow from a horrible death. The News has preached the gospel of the fire screen for years, but, like some other preaching, it has not done much good.

## REVIVAL MEETING.

As announced last week in the News a revival meeting will begin at the Southern Methodist church next Sunday. The pastor, the Rev. W. L. Reid, will conduct the services. The music will be in charge of Mr. Ramsay, of Chattanooga, Tenn., one of the finest conductors in the country. He will probably arrive Friday. An interesting and profitable meeting is expected.

## IMPORTANT TO TOBACCO GROWERS!

Sell your tobacco where you are sure to receive the best price. That place is The Huntington Tobacco Warehouse Company's plant at Huntington, W. Va., Here you have competition and not one buyer putting a price on your product, as you have in the country. Here you have representatives of all the leading manufacturers bidding on your tobacco.

This Company stands first, last and all the time for an absolutely fair deal to every grower. No insurance, no storage charges. We have a licensed weigher. You will be paid for the full weight of your tobacco. Free stables for your horses. No delays, your tobacco will be unloaded and sold the same day you come in.

Don't listen to what people are saying about expense of selling. They seek to persuade you for their own advantage. Come to the Huntington market, see for yourself, you will be pleased. If the prices do not suit you and you wish to take your tobacco elsewhere, there will be no cost to you whatever. Is this not a square proposition?

The management of this warehouse wants the farmer to know that we are interested in you and in securing for you the very highest top prices for your tobacco and will use every effort to do so.

We invite you to visit our market. We want to get acquainted with you and have you get acquainted with us and our square deal methods. When you do so you will realize the Huntington market is the best white burley market in the country. Sales every day except Saturdays.

To this market you can ship or haul. If you ship in hogheads we will buy them from you. By shipping in carload lots you can ship the tobacco loose in the car. Go together with your neighbors and make up a carload, if you do not have a carload yourself.

## The Huntington Tobacco Warehouse Co.

"The Best White Burley Market in the Country."

## CONCERNING H. F. THOMAS.

Anything concerning Mr. H. F. Thomas as an engineer is of interest to the people of Louisa, where he lived so long, and was so deservedly popular. Hence the News publishes the following from the Cincinnati Enquirer:

"H. F. Thomas, Principal Assistant Engineer in the Second Cincinnati district, has gone to Chicago as an expert witness, in the case of the United States against the Economy Light and Power Company. This company has been enjoined from constructing a dam in the Desplaines river, on the claim that the river is a navigable stream but while the river is not now used for navigation, it is proposed to utilize it in the projected deep waterway between the lakes and the gulf. It is therefore necessary for the United States to prove that it is capable of being made navigable, and for this purpose the Secretary of War has designated Mr. Thomas and one or two other civil engineers to go over the river and report to the United States Court on the matter, which will be done this week, under the direction of United States District Attorney Sims, of Chicago."

## RATCLIFFS.

Christmas passed very quietly. J. H. Wilson and wife went to Logan, W. Va., to spend Christmas. Thomas Bentley was here Saturday.

D. M. Justice went to Laurel county to spend the holidays with his mother.

Charles Bentley gave us the treat of the season by bringing in his bride Saturday evening. He was married at Cadmus.

John Bush and wife have returned from Tennessee, where he had been for some time. The cause of his return at this time was bad health.

Dorsa Ratcliff and wife have returned from Ashland.

A. C. Bowling, our produce man, passed here Monday with a fine wagon load of turkeys. XX.

M. F. Conley was in Louisa this week attending the mid-winter meeting of the Kentucky Press Association.

## ESCAPED UNHURT.

Mr. John Dillard, a civil engineer well known in Louisa, was, with his wife and young child and nurse, on No. 16 when it was wrecked near Crum on Saturday last. They escaped unhurt in body but somewhat ruffled in mind. Mr. and Mrs. Dillard now reside in Conover, Ind., where he does railroad contract work. They were en route to Winston-Salem, N.C., to visit Mr. Dillard's parents. They had two large trunks filled with fine clothing, valuable jewelry and silver ware. The trunks were completely ruined, and but little, if any, of the contents could be recovered.

## The Famous Rayo

### The Lamp with Diffused Light

should always be used where several people sit, because it does not strain the eyes of those sitting far from it.

The Rayo Lamp is constructed to give the maximum diffused white light. Every detail that increases its light-giving value has been included.

The Rayo is a low-priced lamp. You may pay \$5, \$10 or even \$20 for other lamps and get a more expensive container—but a cannot get a better light than the Rayo gives.

This season's Rayo has a new and strengthened burner. A strong, durable shade-holder keeps the shade on firm and true. Easy to keep polished, as it is made of solid brass, finished in nickel.

## WEST VIRGINIA NEIGHBORS.

### NEWS FROM COUNTIES JUST ACROSS THE RIVER IN WEST VIRGINIA.

It is rumored that the N. and W. Ry. Co. will make a change in the schedule of trains the first of the year which will be more convenient than the one now in force. Two more trains will be added to the Twelve Pole line. It is said, one train each way in the forenoon and one train each way in the afternoon.

The Tri-State Enterprise has been sold to W. W. Smith and associates and the purchasers and take charge of the paper and plant today. The names of those connected with Mr. Smith in the deal have not been made public. The future policy of the paper has not been decided at this time.

Almos Davis, a resident of Prichard, W. Va., died at his home at that place Wednesday night, at eleven o'clock after an illness of two weeks with pneumonia. He was sixty-five years of age and had been afflicted with blindness for the past forty-three years. He leaves a wife, and eight children, five brothers and two sisters, all of whom are living.

A mass meeting of the citizens of Wayne was called to meet at the court house last Friday evening to nominate a ticket to be voted up on next month. J. M. Riggs was elected chairman of the meeting and Bob Bowen secretary. The meeting selected the following ticket: For mayor, S. L. Bowen; for recorder, J. T. Lambert; for council, William Fry, M. E. Ketchum, S. W. Wilkinson, Min Bowen and Joshua Sellars. These are all representative citizens and will make good town officers.

Joseph Holt Gaines, who has been in Congress for many years from West Virginia and has risen to a commanding position both on the Ways and Means Committee and on the floor, was defeated for reelection by a man named Littlepage, a Democrat.

"Now Adam," said Gaines to Littlepage on the day after election, "I shall be glad to do anything I can for you up in Washington, especially in telling you about the rules and how to get favorable committee places, and all that. Call on me any time."

"Thanks, Joe," said Littlepage, "but I guess I won't need you. You see, I intend to begin where you left off."

Four persons were under sentence of execution at the state penitentiary, Thos. Raymond, Wayne county, was one of them. He was hanged December 23.

The other three are Columbus Belcher, who received a stay of execution while the Supreme Court of the United States is looking over his case. Another is James Medley whose case has been taken to the supreme court of appeals of West Virginia.

Frank Stevenson, from McDowell county, was to have hanged on the 17th of this month, but on the recommendation of Dr. Steele at the penitentiary, the governor granted a reprieve and the prisoner is being held in the Western asylum. He is supposed to be insane and will not be hanged until it is definitely determined as to his mental condition. The time allowed for the examination is two months, and if he is found sane he will hang February 17.

## Patriotism

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger but not dyspepsia. The confirmed dyspeptic "is fit for treason, stratagems and spoils." The man who goes to the front for his country with a weak stomach will be a weak soldier and a fault finder.

A sound stomach makes for good citizenship as well as for health and happiness. Diseases of the stomach and other organs of digestion and nutrition are promptly and permanently cured by the use of

**Dr. PIERCE'S GOLDEN MEDICAL DISCOVERY.** It builds up the body with sound flesh and solid muscle.

The dealer who offers a substitute for the "Discovery" is only seeking to make the little more profit realized on the sale of less meritorious preparations.

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth bound. Address World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

### RAW FURS WANTED

## That Cold Room

on the side of the house where winter blasts strike hardest always has a lower temperature than the rest of the house. There are times when it is necessary to raise the temperature quickly or to keep the temperature up for a long period. That can't be done by the regular method of heating without great trouble and overheating the rest of the house. The only reliable method of heating such a room alone by other means is to use a

which can be kept at full or low heat for a short or long time. Four quarts of oil will give a glowing heat for nine hours, without smoke or smell.

An indicator always shows the amount of oil in the font. Filler-cap does not screw on; but is put in like a cork in a bottle, and is attached by a chain and cannot get lost.

An automatic-locking flame spreader prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that it can be cleaned in an instant.

The burner body or gallery cannot become wedged, and can be unscrewed in an instant for reworking. Finished in Japan or nickel, strong, durable, well-made, built for service, and yet light and ornamental. Has a cool handle.

## Very Bad Cough. Pe-ru-na Stopped It.

DAUGHTER OF MRS. J. M. BROWN.

Mrs. J. M. Brown, Dunnegan, Mo., writes: "My little daughter, three years old, was troubled with a very bad cough which remained after an attack of earlial fever, which was a great deal worse at night."

"She would wake up out of her sleep and cough until I feared she could not stand it."

"Nothing that we gave her seemed to do her any good. I then concluded to send for Dr. Hartman's book entitled 'The Use of Life,' which I promptly received."

"I at the same time commenced giving her Peruna. She has taken one bottle in all, through which she has obtained a complete cure."

"She also since her birth was troubled with indigestion, but since she has taken Peruna she can eat almost any kind of food without any bad results."

"She is now as well and happy as any little girl can be. When our friends say how well she looks, I tell them Peruna did it."

"I shall always be a friend of Peruna, as I consider it the best medicine for coughs and indigestion we have ever tried, and will recommend it to any one similarly afflicted."

M. LYDIA J. SPOONER, Santa Monica, Cal., writes that they are never without Peruna in the home, that they find it the best family remedy they have ever used.
